Highlights

Flexible PVC Jacket
Flexible PVC jacket provides protection to the delicate core of the cable. It also offers extended durability and ease of installation.

Lead-free construction
Lead-free construction of environmentally friendly materials.

Rubber strain relief
Rubber strain relief provides a secure yet flexible juncture between the cable and the plug.

Braided shielding
Copper-braided reinforced aluminium shielding protects against signal loss and interference.

Easy grip
This non-slip grip makes connecting your components easy and ergonomically comfortable.

Metal shell
The metal shell protects the internal connection of the cable. It ensures durability and reliability of your connection.

Plug & Play
Plug & Play gives you the ability to install or add a new component and have it work without having to perform any complex installation procedures or technical analyses.

24 carat gold-plated connector
24 carat gold-plated connectors ensure the best signal quality for your components.
